for easy reference throughout the
six-year period

Peter Marsh's book is the ideal
reference and companion for all
concerned with tendering and,
more importantly, with tendering
to win! Containing a stimulating

Access PDF Are We Willing To Take That Risk

and comprehensive mix of information and advice, the book provides rewarding reading for both the new entrant to the tendering scene and for those with more substantial expertise. Successful tendering, of

Access PDF Are We Willing To Take That Risk

course, goes well beyond the basics of cost estimation and mark-up. The author points out, for example, the importance of establishing an intelligence system to provide marketing, political, financial and legal data on which

Access PDF Are We Willing To Take That Risk

to base a bidding decision, and goes on to suggest how to implement and operate such a system. If price is important when bidding, so too are influence and financing. The author suggests practical ways of promoting

Access PDF Are We Willing To Take That Risk

influence and, in a realistic approach to the financial aspects of bidding, includes an easily understandable review of current methods of financing a project. Above every other consideration, a tender must sell -

Access PDF Are We Willing To Take That Risk

it must be both appealing and acceptable to the decision makers. These criteria are taken into account when suggesting how to write a tender as a 'winning document'. While the book properly gives priority to

Access PDF Are We Willing To Take That Risk

achieving a high rate of success for bids submitted, the question of submitting tenders with a high risk of failure is also discussed. Finally, there is a look at what the bidder needs to do following the submission of a tender and in

Access PDF Are We Willing To Take That Risk

preparation for negotiations.
