These paper cut-outs developed from toys into a historically important reflection on the German military and social classes from the early nineteenth to the early twentieth century, culminating in their proliferation during the rise and reign of the Third Reich. They make it possible to take a tour through German military and political history, from the Battle of Jena-Auerstedt in 1806 right up to the Maginot Line in 1940. These German paper soldiers, or papiersoldaten zum ausschneiden are, without a doubt, unique visual images that, nowadays, are similar to archaeological artefacts, which are very hard to find on the market. Even today, the number of preserved or catalogued images in German museums is very small, so this book, showing thousands of figures in 173 colour images, is a an essential collection.

Simcha Guterman's, Leaves from Fire, is a firsthand account written with the deep sense of comprehension he was documenting the fate of his people. Knowing full well that his life was in danger, Simcha chronicled the occurrences of the Holocaust on long scraps of paper, as they happened right before his eyes. The events described take place in Poland, during the first years of World War II. The author stuffed long paper scraps, written in Yiddish, into bottles and hid in them in different places. One of these bottles was discovered after the war. Simcha Guterman's work has been published and translated into eight different languages, receiving high praise from critics. The book's evocative illustrations were drawn by Yaakov Guterman, the author's son.

The Gospel According to Mamma is a collection of twenty-one extraordinary lessons the author learned from her charming and captivating mamma. These "mamma teachings" are packed with sassy inspiration, practical insights and real-life anecdotes. Leaving Georgia with her mamma late one September night when her daddy was en route to end their lives marked the beginning of a lifetime of instruction. How to maintain faith in God and yourself, love the hell out of folks and be happy when there's no obvious reason to be are just a few of the messages you'll find in this book. PRAISE FOR THE GOSPEL ACCORDING TO MAMMA "Annette's first book is a winner! She picked the perfect subject – her irrepressibly joyous mother, who has given her daughter important and inspiring words of wisdom to cherish. If you yearn to help your daughter navigate life experiences with assurance and spunk, give her The Gospel According to Mamma." —Mary Jo Beebe, coauthor of Jesus' Healings and New Testament Healings "If only there were more mothers like Annette Bridges' mamma: always encouraging, always believing the best of her children, a 'steel magnolia' whose motherly advice is based on the Bible and common sense. Remembering events in her own past, Annette gives us 21 valuable life lessons based on the wisdom of her indefatigable Southern mamma."—Renee Corley, former editor at UPI's religionandspirituality.com "Once you get to the end of reading about Mamma and her wonderful lessons, you will walk away a little wiser. Annette puts life in perspective. She lives a fulfilling life, just as her Mamma taught her. Whether to find your faith,

believe in your self or master the ability to see the good in others, Mamma lessons help you find the positive. There is much to learn from these strong and inspiring women." —SingleMom.com "A look into the heart and soul of Annette Bridges. It could be anyone's story, but it couldn't be told any better." —Bob Belcher, Managing Editor, Corsicana Daily Sun "For anyone who has ever had a mother (and you know who you are), synthesizing that experience can leave many of us speechless. It is 'good news' that Annette Bridges is at no loss for words. She liberally shares her mom's gospel in deep drafts of down-to-earth good sense and faith, liberally laced with Southern humor." —Susan J. Cobb, author of Virgin Territory: How I Found My Inner Guadalupe "Irresistibly heartfelt. Perfect for all mothers and daughters, past, present and future!" —Jennifer Bridges, author's daughter and Ph.D. student "I have been hearing stories about Nellie, Annette's Mamma for the last 25 years. Annette makes you feel like you are sitting down with her in her ranch house or on that beach she talks about going to while she shares her Mamma with you from her perspective, with the insights she has gained over her lifetime. I hope you enjoy getting to know Nellie and Annette, 2 Georgia peaches transplanted to Texas. I love the way Annette brings the Bible into her daily life and shares it with us so that we can feel the love of God that is so present today in her life and illustrates how the Bible can show us how to go in ours. Way to go Girlfriend... you finally did it! You wrote a book and it's a winner! I can't wait to share this with my family and friends!" —Kathy Glover, friend to both Annette and her mamma

ever written, Thomas Szasz's classic book revolutionized thinking about the nature of the psychiatric profession and the moral implications of its practices. By diagnosing unwanted behavior as mental illness, psychiatrists, Szasz argues, absolve individuals of responsibility for their actions and instead blame their alleged illness. He also critiques Freudian psychology as a pseudoscience and warns against the dangerous overreach of psychiatry into all aspects of modern life.
