From the outside looking in, Rachel Balducci 's life was enviable. A mother of six beautiful children, she had a career as a writer and speaker and was married to a busy attorney with his own practice. She was organized, capable of handling it all, armed with a killer to-do list and an up-to-date calendar. But those on the outside couldn 't see that Rachel was a mess, a bundle of anxiety and exhaustion. She was present physically to provide for her husband and kids, but far from present emotionally or spiritually. She stared down every day wishing it were already over. One night, in desperation, she cried out to God, and he answered in a startling,

These days she writes about faith, family and how keeping her bathroom clean will make her a saint.

With barbecue being one of the most popular summer activities, it is no wonder that there are so many different BBQ cookbooks to be found. But how many times have you had to jump from one book to the other because neither of them contains all the recipes that you need? How many times did you end up ordering guides labeled as the best BBQ cookbooks, only to be presented with a bunch of recipes nobody really even likes? True barbecue fans find this to be a great source of discomfort, which is part of the reason I wrote Make your

If you have access to a regular grocery store, you can feel better within 24 hours. Have you spent years trying to control your leaky gut? Do you have unexplained health problems like dry eyes, skin issues and brain fog? Or is arthritis ruining your life? What may surprise you is - more and more studies - including those by the National Institute of Allergies and Infectious Diseases - are showing these ailments are often directly caused by your diet. But there ' s a solution. You see, you can feel better within the next 24 hours... Just by altering the food you eat. In fact, noted Chinese doctor and diabetes researcher Dr. Frank Hu said, at a talk at Harvard University. " Many experimental studies have shown that components of foods or beverages may have anti-inflammatory effects." The Chinese are notorious for using food as prevention for health ailments. And it works. For example, the percentage of Americans with arthritis is four times higher than in China according to a study by the Journal of Arthritis Research. Plus Dr. Hu ' s research has uncovered a number of notable advances in just how the food we eat, can impact our overall wellbeing. Like celery seed, which can be found in most grocery stores or online, for less than \$1/ounce - it reduces cholesterol and flushes the toxins out of your body. In this book you ' ll discover:

Have you ever wanted a simpler life? Simpler relationships with partners, families, friends or at work? When you are stuck, would you like to find a simple and effective way to move forward? Would you like things to be different? Or to make a difference for others? Following on from the acclaimed 'What's Your URP?', Andrew Gibson combines elements of storytelling, networking, social capital, and a host of useful tools to help you take control of your life. The methods he shares will reduce the time and money you spend on unnecessary complexities, help you look for the simple and effective next steps, and make more of a difference yourself and your network. This book will change the way you look at life. You will spend more time looking outwards at how you help others, and in turn, you will build a supportive network that will help you. You will spend less time worrying about what others think, and more time noticing the positives and the differences you and others are making. After you have read this book, you will enjoy a fresh perspective, and perhaps even a new path. Every journey starts with a small step, and this book will help you every step of the way.

Simple Heuristics That Make Us Smart invites readers to embark on a new journey into a land of rationality that differs from the familiar territory of cognitive science and economics. Traditional views of rationality tend to see decision makers as possessing superhuman powers of reason, limitless

knowledge, and all of eternity in which to ponder choices. To understand decisions in the real world, we need a different, more psychologically plausible notion of rationality, and this book provides it. It is about fast and frugal heuristics--simple rules for making decisions when time is pressing and deep thought an unaffordable luxury. These heuristics can enable both living organisms and artificial systems to make smart choices, classifications, and predictions by employing bounded rationality. But when and how can such fast and frugal heuristics work? Can judgments based simply on one good reason be as accurate as those based on many reasons? Could less knowledge even lead to systematically better predictions than more knowledge? Simple Heuristics explores these questions, developing computational models of heuristics and testing them through experiments and analyses. It shows how fast and frugal heuristics can produce adaptive decisions in situations as varied as choosing a mate, dividing resources among offspring, predicting high school drop out rates, and playing the stock market. As an interdisciplinary work that is both useful and engaging, this book will appeal to a wide audience. It is ideal for researchers in cognitive psychology, evolutionary psychology, and cognitive science, as well as in economics and artificial intelligence. It will also inspire anyone interested in simply making good decisions.

**NATIONAL BESTSELLER A NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE** Proclaimed as “truly spellbinding,” a “great fable” that “functions as transporting romance” by the Guardian, the runaway #1 international bestseller “A rich, gothic entertainment that explores what books have trapped inside them and reminds us of the power of storytelling. Spellbinding.” – TRACY CHEVALIER Imagine you could erase grief. Imagine you could remove pain. Imagine you could hide the darkest, most horrifying secret. Forever. Young Emmett Farmer is working in the fields when a strange letter arrives summoning him away from his family. He is to begin an apprenticeship as a Bookbinder—a vocation that arouses fear, superstition, and prejudice amongst their small community, but one neither he nor his parents can afford to refuse. For as long as he can recall, Emmett has been drawn to books, even though they are strictly forbidden. Bookbinding is a sacred calling, Seredith informs her new apprentice, and he is a binder born. Under the old

woman's watchful eye, Emmett learns to hand-craft the elegant leather-bound volumes. Within each one they will capture something unique and extraordinary: a memory. If there's something you want to forget, a binder can help. If there's something you need to erase, they can assist. Within the pages of the books they create, secrets are concealed and the past is locked away. In a vault under his mentor's workshop rows upon rows of books are meticulously stored. But while Seredith is an artisan, there are others of their kind, avaricious and amoral tradesman who use their talents for dark ends—and just as Emmett begins to settle into his new circumstances, he makes an astonishing discovery: one of the books has his name on it. Soon, everything he thought he understood about his life will be dramatically rewritten. An unforgettable novel of enchantment, mystery, memory, and forbidden love, *The Binding* is a beautiful homage to the allure and life-changing power of books—and a reminder to us all that knowledge can be its own kind of magic. "I have written this book for women who feel their life is out of whack in some way. You may feel bored, directionless, hurt or angry or are struggling to make meaningful and lasting change. It explains why women find it hard to keep motivated and offers a way to make simple and powerful change by making the most of our differences." Illustrated by one woman's personal journey, the psychological

backdrop to how we create meaning in our lives is explained. Using Penny's NLP and coaching experience, the book offers a creative process that every woman can use, whether they are young and just setting out into the world of career paths, relationships and finding their purpose in life, or whether they are mid-life and reflecting both on what has been and what is yet to unfold. In a world of digital communication, a shout-out for positive role models and how we can support each other to become leaders in our own lives, as well as positively influence those around us, is made. It offers another way to find inspiration and ultimately our own intuitive wisdom that is inside each and every one of us. It teaches us that by incorporating a sense of balance, love, connection and purpose in our lives, we will have lives we love to live. Deeply moving, bluntly honest and elegantly written, *Life Reconnected – How Women Can Make Simple and Powerful Change: A Hero's Journey* will take you on a profound personal journey so you can find, voice and take your heart-centered purpose to the world.

What if writing a list could literally change your life? From the ancient book of Numbers to the latest clickbait listicle, list-writing has been a routine feature of human experience. Shopping lists. To-do lists. Guest lists. Bucket lists. Lists are everywhere you look. But what if our lists did more than just remind us to buy milk and take out the trash? What if the practice of list-making could help us discover who we truly are and even point us to our deepest joys, hopes, and desires? In *Make a List* teacher, writer, and wordsmith Marilyn McEntyre shows readers how the simple act of writing a list can open doors to personal discovery and spiritual growth. Deepening her reflections with abundant writing prompts and real-life examples, McEntyre turns the humble list into a work of art—one that has the power to clear minds, open hearts, and change lives.
