Imprisoned for 'inflammatory writings' by the totalitarian Theocracy, shy intellectual Ashleigh Trine figures his story's over. When we originally published Biogeochemistry of a Forested Ecosystem in 1977, the Hubbard Brook Ecosystem Study (HBES) had been in existence for 14 years, and we included data through 1974, or a biogeo chemical record of 11 years. Now our continuous, long-term biogeo chemical records cover more than 31 years, and there have been many changes. The most notable change, however, is that three of our coauthors on the original volume are now deceased. They are deeply missed in so many ways. In spite of the longer records, different trends, and new insights, we believe that the basic concepts and approaches we presented in 1977 represent the most valuable contribution of the original edition. They are still valid and useful, particularly for an introductory study of, or course in, biogeochemistry. Our goal in this revision is to preserve these fea tures, correct errors, and revise or eliminate misleading or ambiguous short-term data (11 years!), while maintaining approximately the original length and the modest cost.

Tony Hart's life has been quiet lately. He has good friends and a rewarding teaching job. Then the murdered body of another teacher falls into the elevator at his feet, and Tony's life gets a little too exciting. Jared MacLean is a homicide detective, a widowed father, and deeply in the closet. But from the moment he meets Tony's blue eyes in that high school hallway, Mac can't help wanting this man in his life. However Mac isn't the only one with his eyes on Tony. As the murderer tries to cover his tracks, Mac has to work fast or lose Tony, permanently.

"A dazzling debut, establishing Namwali Serpell as a writer on the world stage."—Salman Rushdie, The New York Times Book Review NAMED ONE OF THE BEST BOOKS OF THE YEAR BY Dwight Garner, The New York Times • The New York Times Book Review • Time • NPR • The Atlantic • BuzzFeed • Tordotcom • Kirkus Reviews • BookPage WINNER OF: The Arthur C. Clarke Award • The Los Angeles Times Art Seidenbaum Award • The Anisfield-Wolf Book Award for Fiction • The Windham-Campbell Prizes for Fiction 1904. On the banks of the Zambezi River, a few miles from the majestic Victoria Falls, there is a colonial settlement called The Old Drift. In a smoky room at the hotel across the river, an Old Drifter named Percy M. Clark, foggy with fever, makes a mistake that entangles the fates of an Italian hotelier and an African busboy. This sets off a cycle of unwitting retribution between three Zambian families (black, white, brown) as they collide and converge over the course of the century, into the present and beyond. As the generations pass, their lives—their triumphs, errors, losses and hopes—emerge through a panorama of history, fairytale, romance and science fiction. From a woman covered with hair and another plagued with endless tears, to forbidden love affairs and fiery political ones, to homegrown technological marvels like Afronauts, microdrones and viral vaccines, this gripping, unforgettable novel is a testament to our yearning to create and cross borders, and a meditation on the slow, grand passage of time. Finalist for the Los Angeles Times Ray Bradbury Prize • Longlisted for the Center for Fiction First Novel Prize “An intimate, brainy, gleaming epic . . . This is a dazzling book, as ambitious as any first novel published this decade.”—Dwight Garner, The New York Times “A founding epic in the vein of Virgil’s Aeneid . . . though in its sprawling size, its flavor of picaresque comedy and its fusion of family lore with national politics it more resembles Salman Rushdie’s Midnight’s Children.”—The Wall Street Journal “A story that intertwines strangers into families, which we'll follow for a century, magic into everyday moments, and the story of a nation, Zambia.”—NPR

Alcoholics Anonymous (also known as the Big Book in recovery circles) sets forth cornerstone concepts of recovery from alcoholism and tells the stories of men and women who have overcome the disease. The fourth edition includes twenty-four new practices that provide contemporary sharing for newcomers seeking recovery from alcoholism in A.A. during the early years of the 21st century. Sixteen stories are retained from the third edition, including the "Pioneers of A.A." section, which helps the reader remain linked to A.A.'s historic roots, and shows how early members applied this simple but profound program that helps alcoholics get sober today. Approximately 21 million copies of the first three editions of "Alcoholics Anonymous" have been distributed. It is expected that the new fourth edition will play its part in passing on A.A.'s basic message of recovery. This fourth edition has been approved by the General Service Conference of Alcoholics Anonymous, in the hope that many more may be led toward recovery by reading its explanation of the A.A. program and its varied examples of personal experiences which demonstrate that the A.A. program works.

This is a book of reflections by A.A. members for A.A. members. It was first published in 1990 to fulfill a long-felt need within the Fellowship for a collection of reflections that moves through the calendar year—one day at a time. Each page contains a reflection on a quotation from A.A. Conference-approved literature, such as Alcoholics Anonymous, Twelve Steps and Twelve Traditions, As Bill Sees It and other books. These reflections were submitted by members of the A.A. Fellowship who were not professional writers, nor did they speak for A.A. but only for themselves, from their own experiences in sobriety. Thus the book offers sharing, day by day, from a broad cross section of members, which focuses on the Three Legacies of Alcoholics Anonymous: Recovery, Unity and Service. Daily Reflections has proved to be a popular book that aids individuals in their practice of daily meditation and provides inspiration to group discussions even as it presents an introduction for some to A.A. literature as a whole.

This is the first and only book about developing online tutorial courses. It covers course organization, screen arrangement, writing style, test design, media selection, survey construction, and digital futures.

A New York Times Notable Book of the Year A Washington Post Notable Book of the Year One of Amazon's 20 Best Books of the Year Named one of the Best Books of the Year by Buzzfeed, Bustle, NPR, NYLON, and Thrillist Finalist for the Goodreads Book Award (Nonfiction) Finalist for the Edgar Award (Best Fact Crime) A Book of the Month Club Selection A New York Times Book Review Editors' Choice Selection "A brisk, captivating and expertly crafted reconstruction of a community living through a time of fear.... Masterful." —Washington Post The arsons started on a cold November midnight and didn't stop for months. Night after night, the people of Accomack County waited to see which building would burn down next, regarding each other at first with compassion, and later suspicion. Vigilante groups sprang up, patrolling the rural Virginia coast with cameras and camouflage. Volunteer firefighters slept at their stations. The arsonist seemed to target abandoned buildings, but local police were stretched too thin to surveil them all. Accomack was desolate—there were hundreds of abandoned buildings. And by the dozen they were burning. "One of the year's best and most unusual true-crime books" (Christian Science Monitor), American Fire brings to vivid life the reeling county of Accomack. "Ace reporter" (Entertainment Weekly) Monica Hesse spent years investigating the story, emerging with breathtaking portraits of the arsonists—troubled addict Charlie Smith and his girlfriend, Tonya Bundick. Tracing the shift in their relationship from true love to crime spree, Hesse also conjures the once-thriving coastal community, decimated by a punishing economy and increasingly suspicious of their neighbors as the culprits remained at large. Weaving the story into the history of arson in the United States, the critically acclaimed American Fire re-creates the anguished nights this quiet county lit up in flames, evoking a microcosm of rural America—a land half-gutted before the fires began.

A stunning collection from international bestseller Stephen King that displays his phenomenally broad readership (stories published in The New Yorker, Playboy, and McSweeney's and including the 25,000 word story "Gingerbread Girl" published in Esquire). Stephen King—who has written more than fifty books, dozens of number one New York Times bestsellers, and many unforgettable movies—delivers an astonishing collection of short stories, his first since Everything's Eventual six years ago. As guest editor of the bestselling Best American Short Stories 2007, King spent over a year reading hundreds of stories. His renewed passion for the form is evident on every page of Just After Sunset. The stories in this collection have appeared in The New Yorker, Playboy, McSweeney's, The Paris Review, Esquire, and other publications. Who but Stephen King would turn a Port-O-San into a slimy birth canal, or a roadside honky-tonk into a place for endless love? A book salesman with a grievance might pick up a mute hitchhiker, not knowing the silent man in the passenger seat listens altogether too well. Or an exercise routine on a stationary bicycle, begun to reduce bad cholesterol, might take its rider on a captivating—and then terrifying—journey. Set on a remote key in Florida, "The Gingerbread Girl" is a riveting tale featuring a young woman as vulnerable—and resourceful—as Audrey Hepburn's character in Wait Until Dark. In "Ayana," a blind girl works a miracle with a kiss and the touch of her hand. For King, the line between the living and the dead is often blurry, and the seams that hold our reality intact might tear apart at any moment. In one of the longer stories here, "N.," which recently broke new ground when it was adapted as a graphic digital entertainment, a psychiatric patient's irrational thinking might create an apocalyptic threat in the Maine countryside...or keep the world from falling victim to it. Just After Sunset—call it dusk, call it twilight, it's a time when human intercourse takes on an unnatural cast, when nothing is quite as it appears, when the imagination begins to reach for shadows as they dissipate to darkness and living daylight can be scared right out of you. It's the perfect time for Stephen King.

From Pete Souza, the #1 New York Times bestselling author of Obama: An Intimate Portrait, comes a potent commentary on the Presidency -- and our country. As Chief Official White House Photographer, Pete Souza spent more time alongside President Barack Obama than almost anyone else. His years photographing the President gave him an intimate behind-the-scenes view of the unique gravity of the Office of the Presidency -- and the tremendous responsibility that comes with it. Now, as a concerned citizen observing the Trump administration, he is standing up and speaking out. Shade is a portrait in Presidential contrasts, telling the tale of the Obama and Trump administrations through a series of visual juxtapositions. Here, more than one hundred of Souza's unforgettable images of President Obama deliver new power and meaning when framed by the tweets, news headlines, and quotes that defined the first 500 days of the Trump White House. What began with Souza's Instagram posts soon after President Trump's inauguration in January 2017 has become a potent commentary on the state of the Presidency, and our country. Some call this "throwing shade." Souza calls it telling the truth. In Shade, Souza's photographs are more than a rejoinder to the chaos, abuses of power, and destructive policies that now define our nation's highest office. They are a reminder of a President we could believe in, and a courageous defense of American values.
