Our study guides are carefully designed to provide only that clear and concise information you need. That's precisely why we put "Clear & Concise" on our cover. The standard for the study guide industry is to "throw in the kitchen sink" when it comes to making a book, meaning you are stuck with hundreds of pages of repetitive information, redundant and confusing examples, and more practice questions than any person could be expected to work through. This results in students feeling overwhelmed, leading to reduced self-confidence, which leads to lower scores! Instead, Miller Test Prep has worked specifically with tutors. Why tutors you ask? Tutors specialize in helping students comprehend information that has already been presented by a teacher. That means they see time and again what students struggle with and what actually works to help them. They specialize in helping students who have previously failed, to succeed. We compiled their decades of experience helping students just like you into this study guide, so you pass the TEAS 6 first time.

This ensures you get the tips, takeaways, and test secrets that a one-on-one tutoring experience provides. Unlike a tutoring session, however, our books enable you to prepare for your exam on your own schedule at a fraction of the cost. and Get Accepted! We offer a comprehensive set of guides guaranteed to raise your score for exams from every step of your education; from high school, to college or the military, to graduate school. Let our study guides guide you along the path to the professional career of your dreams!

In the last half-century, researchers and psychologists have upended a lot of conventional wisdom about the way we learn and how we can get the most out of studying. Their discoveries have suggested a number of ways that students can study smarter, not harder. Unfortunately, most of these new methods have not made their way into our public school systems, leaving millions of students with devastatingly ineffective study habits. The Spire Study System® aims to change that. Using cutting-edge science and advanced information design, we have created a study system rather than a study guide. Just follow the simple directions in this book, and rest easy in the knowledge that you will pass your test. We're so confident that Spire will work for you, we guarantee that you'll pass your test -- or we'll give you your money back. No more cramming. No more wasted studying time. No more guessing at answers and hoping for good luck.
